

Anna Russell

I have been with AB&B Services since April 2021 and I am loving it! I graduated from Minnesota State University, Mankato with a bachelor degree in social work and have been working in the health and human services field for the past 10 years. My experience includes working as an in-home ABA Therapist, Case Manager a skilled nursing Facility and as a county based MNChoice's Assessor. In my free time, I enjoy spending time with my family and friends, exercising, learning, and dining at my favorite restaurants.
