

Crystal Anderson

I've had a passion to work with people of varying needs as long as I can remember. I am a helper and caregiver at heart and I bring this to both the work that I do, as well as the relationships that I build! Since 2006 I have worked in Human Services in several different capacities. Including direct care, Social Work, and MnCHOICES Reassessments. I hold an A.S. in Education, a B.A. in Human Services, and an M.A. in Behavioral Health from Concordia University. I am the acting Guidelines Governance Council Family Advisor for Children's Hospital and Clinics of St. Paul and Minneapolis. My youngest son is a part of the Deaf Plus (Cerebral Palsy) community. I am learning both American Sign Language (ASL) and Spoken Exact English (SEE) and really have a passion for working with the Deaf community. In my free time, I love spending time with my husband and two sons, getting together with my Podcast group, PodSquad!, and keeping up on current events.
