

Havilah Martinez

Hi! My name is Havilah, but I go by Havi. I have been involved in human services from a young age and have been working in the field in a professional capacity for the past 14 years. I have three incredible stepsons, one who has a terminal illness that we utilize CDCS for. My passion is person centered planning with a focus on creating an end of life experience that is both supportive and thoughtful. My role with AB&B is support planning and person centered planning. I love to travel and meet new people and am so excited to be with AB&B!
