

# *Nicole Schweisthal*

I have been working as a support planner with AB&B since August 2015. I have been working in the health and human services field for 20 years. I have previous experience working in hospitals, nursing homes, assisted living facilities and working as a PCA. I also worked at a Fiscal Support Entity for 5 years before coming to AB&B. When I am not working I enjoy spending time with my family, dog, traveling and being on the lake as much as I can! I truly enjoy what I do and am blessed to be able to help my families the best way I can.
