

Alicia Vopava

Hello, I am a mother to four children and two fur babies! We live a very active lifestyle and love trying new things as a family. Minnesota has so much to offer! I have my degree/license in social work and have been practicing for over 10 years. If someone were to have to describe me they would say I'm a Type A person and very organized! I would add that I'm social and outgoing! I can't wait to work with you!
