

Dawn Thorn

I am the proud owner of AB&B Services, which I started October 2010. I have been in the health and human services field for more than 26 years professionally as the director of CDCD Program (through Fiscal Support Entity) and personally with my son Bryan. When I'm not working I enjoy reading, cabin life, and spending time with my beautiful grandchildren. AB&B Services continues to be the best career decision of my life.
